SPRING
1962

This list will be good for the entire year. I will add a supplement of new varieties received later.

(-) before the variety name means no plants this spring.
(*) means cuttings only.

Leaves are 35¢, cuttings 50¢ and small plants 60¢ unless priced otherwise.

All leaf orders received before March 1 will be rooted without extra charge.

I was sorry to have to return so many of your orders last summer and fall. Thank you for your nice letters and for your concern over the fact that I had to have surgery on my eyes. I'm glad to say I'm seeing well again.

I wasn't able to get many new varieties for early shipping. I'm ordering some now though and hope to have rooted cuttings by late June or July. I also plan to attend the National Show at San Francisco and will bring back as many plants from there as I can.

I will sell leaves of those plants up until May 20th. If you are interested send a stamped envelope and I will send you a list.

READ CAREFULLY BEFORE ORDERING

I will replace leaves and plants that do not reach you in good condition if notified immediately. I can not be responsible for what happens after you receive them however, as I have no control over their growing conditions there. If you lose leaves through propagation (not my fault) I will be glad to replace them free with future orders.

Rooted cutting will have small plantlets whenever possible. However some varieties root faster than others and some sell much faster. So it isn't always possible to have cuttings with plantlets of all varieties. In case I am out of a variety you order I will either send a well rooted cutting without plantlets or another variety of equal or higher price. Please list a few extras. If you do not wish a substitute tell me and I will either hold your order until it can be filled or refund your money, if you wish it that way.

Include 65¢ with all orders west of the Mississippi and 85¢ east of the Mississippi to help in packing and postage costs.

I will not start shipping this year until I return from the Convention - probably the first week in May. I send all orders "Special Handling" and insured unless you request otherwise. Air Mail and Special Delivery are extra on all orders.

My plants are state inspected and declared free of diseases and insects. Come and see them when you are in Sheridan. Please call first. My phone number is 674-7317. I sell blooming plants here in my home.
